

Mole Autumn Term 1 2025

Maths

We will begin the term focusing on geometry and revising 2D and 3D shapes. We will then look at measurement and length and width.

In number we will start with revision of basic number bonds as well as place value up to 10,000.

SMSC/PSHE/RSE

We will discuss how to build and maintain positive relationships and the different people we have relationships with. Will consider acceptable physical contact, and look at different way to react when emotional. We will also learn about online safety and how to keep safe online.

PE

Pupils will be taking part in Skip2bfit and football skills.

English

We will be focusing on reading and comprehension, with the opportunity to discuss what we have read, using evidence from the text to draw our own inferences. We will use The Iron Man as our inspiration. We will practice rereading and correcting our own work, and consider ways to improve our writing and punctuation. We will consider writing factual paragraphs as well as creative descriptive pieces. In Grammar we will consider nouns, noun phrases, and adjectives.

ICT

Pupils will attend weekly ICT sessions continuing to develop their coding skills, we utilise computers within the classroom for some tasks.

Adventurers, Explorers and Inventors

Topic

In Art/DT we will look at reuse and recycling and create decorative pieces from old materials.

In History we will investigate explorers and inventors across history and consider timelines of inventions.

In Geography we will carry out map work and consider how adventures past and present have created and used maps to discover places, people, plant and animal species across the globe.

Science

In Science we will learn be discussing Forces and Magnets as well as Materials. We will investigate inventors across time. We will carry out investigations and experiments considering gravity, magnetism and different types of materials. Learning how to hypothesise and predict.
